WHAT IS BPA/PBL?

Business: the field for which we prepare our students; emphasizes that we educate our members to work efficiently, not only in an office setting, but also in a wide variety of business situations.

Professionals: provides a wide variety of professional development activities and experiences for a student to develop and participate in.

of America: symbolizes pride in our country and its free enterprise business system.

Mission Statement:

The mission of Business Professionals of America is to contribute to the preparation of a world-class workforce through the advancement of leadership, citizenship, academic, and technological skills.

Vision Statements:

BPA will be a cohesive agent in the worldwide networking of education, business, and industry.

BPA will be the leading student organization in preparing a world-class workforce.

BPA will set a standard of excellence for vocational student organizations.

Phi Beta Lambda isn't just another student group—it gives members that opportunity to learn, travel, and grow as a business professional. Employers are looking for students with cutting-edge skills. PBL gives members the chance to gain these skills and prepares them for the "real-world" after college. Set yourself apart from the average graduate! In today's highly competitive business environment it takes more than just a degree to succeed. It requires business savvy, leadership skills, and technical knowledge. By taking advantage of the many programs that Phi Beta Lambda offers, students acquire the skills that will set them apart from the average graduate. They will be better prepared for careers, graduate school and for life!
